Announcing the joint conference of the
Texas Association of College and University Printers (TACUP)
and the Southwest Association of College and University
Mail Services (SWACUMS)

November 2-5, 2015

The conference will be hosted by the University of Texas Health Science Center in Houston - Printing Services and will be held at the beautiful Southshore Harbour Resort and Conference Center in League City, Texas. The hotel is located approximately 20 minutes from Hobby Airport in Houston, Texas.

We hope you will join us along with over 50 other attendees from Texas, Oklahoma, New Mexico, Louisiana and Arkansas and across the remainder of the United States for this great conference. The majority of the attendees will be representing colleges and universities, but school districts and other non-educational in-plants are welcome to attend.

The conference will consist of seminars hosted by experts in print and mail fields and other topics to help you become a more energized, productive asset to your organization. The vendor exhibit hall will be filled with vendors that can answer your questions on new technology and ways you can increase productivity. Tours to a local mail and print facility are also included.

But most importantly, we offer an opportunity for similar minded in-plant mail and print departments to gather and share information on their best practices, problems, vendor contacts, solutions and opportunities. Enjoy learning and networking with great people, wonderful food and fun events in a beautiful, relaxing lake front setting. Registration is \$275 for the 3 day conference. Visit www.tacup.org or www.swacums.com for additional registration information.

We look forward to seeing you in November!
